

VOLCOM ICSI PROOCCESS:

If a mare owner wishes to engage VOLCOM using the ICSI method to obtain either a pregnancy or a frozen embryo there will be a \$1,500 non-refundable booking fee. The completion fee (\$1,500) will be due prior to requesting the AQHA Breeder's Certificate for a single resulting foal. If more than one live foal results from the process, any additional AQHA Breeder's Certificates will be provided at the full fee of \$3,000.

Current semen locations are:
